Agenda

- Mission
- Vision
- Values
- Strategic Priorities
- Leadership Engagement on Small Business
- HQMC, I&L Dashboard
- Marine Corps Installations Command (MCICOM)
- Marine Corps Logistics Command (MCLC)
- Marine Corp Logistics Services Support (potential subcontracting opportunities)

Mission

The Deputy Commandant, Installations and Logistics (DC, I&L) acts on behalf of the Commandant in designated matters of logistics policy and management, and coordinates logistics actions with other agencies.

The Installations and Logistics Department shapes plans and policies to sustain excellence in warfighting. The focus of effort is to increase

Marine Air Ground Task Force lethality by providing superior support through modernizing logistics processes, implementing proven technology and best practices, developing standards of performance, and fully integrating the supporting establishment as the fifth element of the Marine Air Ground Task Force.

Vision

Achieve ever increasing levels of proficiency and needed capabilities through advocacy- ready people, the right capabilities, and responsive organizations.

Values

Mission-focused, adaptive, innovative, and resilient.

Strategic Priorities

“Our number one priority is to prepare the Marine Corps for the 21st century expeditionary operations by providing superior logistics and installations support.” – Lt. Gen. William M. Faulkner, DC, I&L

Strategic Priorities (Cont.)

The Marine Corps' ability to rapidly generate combat power, deploy, and operate across the full range of Military Operations (ROMO) is always influenced by logistics. Combat operations in Afghanistan and Iraq have showcased the innovative, resilient, and adaptive nature of Marine Corps logisticians and the capabilities of our installations. Today's Marine and Civilian Marine logisticians bring a wealth of experience to our community, enabling us to better prepare for future threats in a resource constrained operating environment. As we look to the next twenty-five years, we will build upon the lessons of the past and develop logisticians and installations experts who can support and sustain Marines in every clime and place, against any foe, for any mission. We will accomplish this by focusing on our most important resource, Marines and their families. Our logistics community includes all logisticians and installations experts, Marine and Civilian Marine, serving across the Marine Corps, Joint, and Interagency communities. Further develop 21st century logistical capabilities. Revitalize and integrate logistics training, education, and doctrine. Reinforce and strengthen the linkage between installations and Marine Corps readiness, training, and power projection capabilities. Create an advocacy construct for MAGTF and installations logistics logisticians.

Leadership Engagement on Small Business

Lt. Gen. William M. Faulkner, Deputy Commandant, I&L issued MARADMIN 108/13 on 04 Mar 2013 urging support for the Marine Corps Small Business Programs

Directed to all leaders managing a budget and allocating contract resources

Applies to:

- Requirements generators
- Supply Officers
- Contracting Officers
- Government Purchase card holders

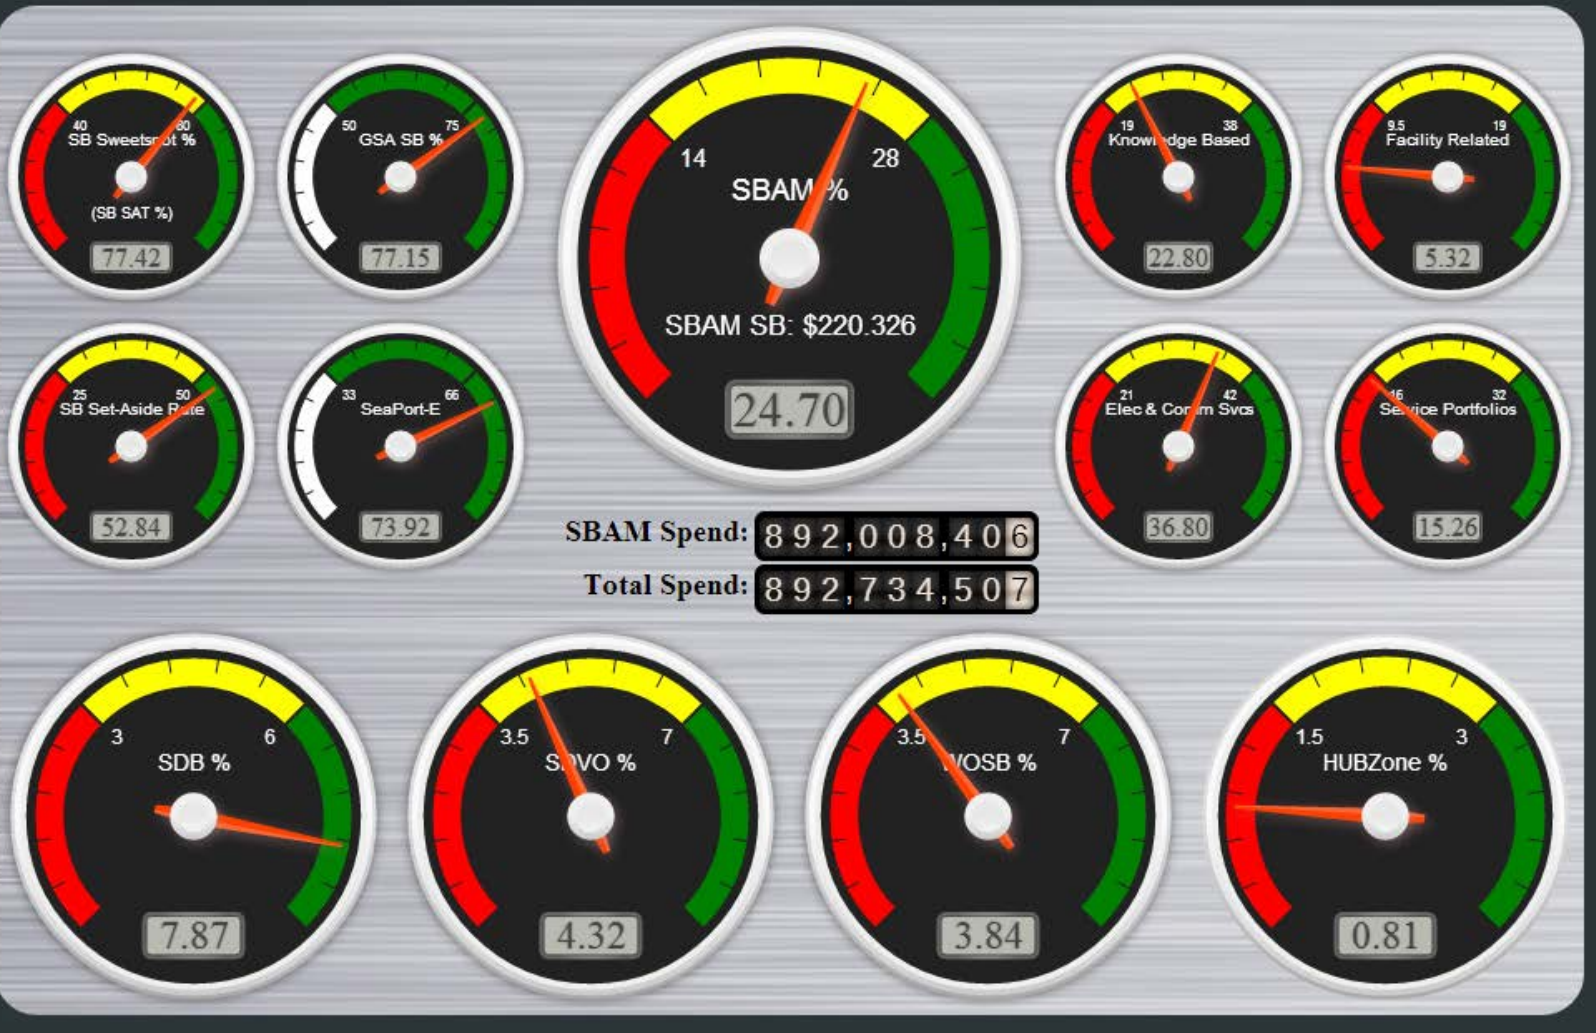

Effort endorsed by the Assistant Commandant of the Assistant Commandant of the Marine Corps.
